

## About Singapore Creator Festival 2021

The inaugural Singapore Creator Festival is jointly organized by Singapore Press Holdings Chinese Media Group and Singapore Chinese Cultural Centre. Aimed to celebrate the positive impacts of creative works, the festival seeks to create a platform to encourage the exchanges of ideas and experiences in promoting the creative culture, and for creators who have successfully transformed their passions into sustainable businesses or professions to share their stories.

The underlying objective is to inculcate an appreciation for the finer things in life via the myriad of talks and workshops.

The two-day events will see creative industry leaders and makers from Singapore, Taiwan, Hong Kong and Mainland China sharing their brand story and pandemic-induced transformations.
